Good morning Joan,

[WNS/2022/0831/FUL - Uplands Farm, Tiffield Road, Caldecote, Towcester NN12 8AG: Extension to existing agricultural building and remodelling and extension works.](#)

Following my initial consultation response (attached), Ms Taylor has contacted me and provided further specific information in relation to this proposal (see email below).

I am therefore of the opinion that the original noise condition proposed is no longer necessary.

Please get back to me if you would like to discuss this case further,

Subject: Uplands Farm

Application WNS/2022/0831/FUL

Further to our conversation this morning, I can confirm the above application is to update and existing building due to its age (over 45 years old) and the extension to the roof is to cover the

existing handling pens to protect us from the elements during bad weather.

The handling area is only used during daylight hours (approx. 9am-5.30pm) and is not in use every day. Use will be the same as it has been for the last 45 years.

No additional lighting is needed and there will not be intensified use of the building. There isn't any machinery in the building or used in the building.

I hope this information helps, if you require any further information, please do not hesitate to contact me.

Kind regards
