Organisation	<input type="text"/>
Type of Comment	<input type="text" value="Comment"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The original planning called for a landscaped buffer zone around Wood Burcote to maintain it's identity. I am disappointed to see that this now includes plans for an open drainage ditch or swale - which has already been dug [REDACTED] [REDACTED] I would ask that this be replaced by an underground pipe. I would like the landscaping around Wood Burcote to be undertaken at the earliest possible opportunity to allow it to mature into the promised buffer zone before even more construction surrounds us. This should include mature and evergreen trees, hedges, grass and shrubs."/>
