Comments	<input type="text" value="As Wood Burcote residents (WBR) we welcome the permanent closure of the Burcote Road. The original planning called for a landscaped buffer zone around Wood Burcote to maintain it?s identity. This included feature and evergreen trees, grassland and shrubs We would like this to be undertaken at the earliest possible opportunity to allow it to mature into the promised buffer zone before even more construction surrounds us. An opportunity to input to the landscape design would be appreciated."/>
