- ☐ Statement of Common Ground
- ☒ Interested Party/Person Correspondence
- ☐ Other

YOUR COMMENTS ON THE CASE

I feel this development will have a disastrous effect on the people currently living in and around Grange Park and the wildlife. The land is a beautiful peaceful place next to Foxfield country park in which many love to stroll round and also wild animals live in around it. This is their home!

The adverse effects on the amount of houses and a school, should it be built will leave the residence isolated in the area and also will have a major effect on the traffic situation, which is already difficult due to our location. Adding more to this is ludicrous. There is only the possibility of a school as only land applied for it, should this not proceed but houses do, then where will all those children go from the 300 houses? The local schools are all over subscribed as it is. I feel this development should not proceed at all.
